INDEPENDENT AUDITORS' REPORT

To the Members of
SMC Option Management LLC

We have audited the accompanying statement of financial condition of SMC Option Management LLC (the "Company") as of December 31, 2007, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of SMC Option Management LLC as of December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statement taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statement, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statement and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statement taken as a whole.

Chicago, Illinois

See accompanying notes.

SMC OPTION MANAGEMENT LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION for the year ended December 31, 2007

1. Organization and Business

SMC Option Management LLC (the "Company"), an Illinois limited liability company, was organized on April 4, 2002. The Company is a broker-dealer registered with the Securities and Exchange Commission and is a member of the Chicago Board Options Exchange (the "CBOE"). The Company primarily engages in the proprietary trading of exchange-traded equity securities, equity and index options, and futures contracts.

2. Summary of Significant Accounting Policies

Revenue Recognition and Securities Valuation

Securities transactions and related revenue and expenses are recorded on a trade date basis. Securities owned and securities sold, not yet purchased, are recorded in the statement of financial condition at market value, with related unrealized profit or loss included in net trading gain in the statement of operations.

Income Taxes

No provision has been made for federal income taxes as the taxable income or loss of the Company is included in the respective income tax returns of the members.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statement and accompanying notes. Actual results could differ from those estimates.

Depreciation

Equipment is being depreciated over the estimated useful lives of the assets using accelerated methods for both financial reporting and tax purposes.

Goodwill

Costs incurred to obtain privileges to act as a Designated Primary Market-Maker in certain options classes on the floor of the CBOE are reflected in the statement of financial condition as Goodwill. The Company's policy is to review goodwill for impairment on an annual basis. Management has determined that these privileges have not been impaired for the year ending December 31, 2007.

3. Securities Owned and Sold, Not Yet Purchased

Marketable securities owned and sold, not yet purchased, consist of trading securities at market value, as follows:

	Owned	Sold, Not Yet Purchased
Stocks	\$ 74,938,424	\$ 34,469,491
Options	68,707,578	70,978,125
	<u>\$ 143,646,002</u>	<u>\$ 105,447,616</u>

SMC OPTION MANAGEMENT LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION, Continued for the year ended December 31, 2007

4. Clearing Agreement

The Company has a Joint Back Office ("JBO") clearing agreement with Merrill Lynch Professional Clearing Corp. ("Merrill Lynch"). The agreement allows JBO participants to receive favorable margin treatment as compared to the full customer margin requirements of Regulation T. As part of this agreement, the Company has invested \$50,000 in the preferred stock of Merrill Lynch. The Company's investment in Merrill Lynch is reflected in other assets in the statement of financial condition. Under the rules of the CBOE, the agreement requires that the Company maintain a minimum net liquidating equity of \$1 million with Merrill Lynch, exclusive of its preferred stock investment.

5. Derivative Financial Instruments and Off-Balance Sheet Risk

In the normal course of business the Company enters into transactions in derivative financial instruments that include equity and index options contracts, futures contracts and futures options contracts. All derivative instruments are held for trading purposes. All positions are reported in the accompanying statement of financial condition at market value and gains and losses from derivative financial instruments are included in net trading gain in the statement of operations.

Futures contracts provide for the delayed delivery/receipt of commodities, securities or money market instruments with the seller/buyer agreeing to make/take delivery at a specified date, at a specified price.

Options contracts grant the purchaser, for the payment of a premium, the right to either purchase from or sell to the writer a specified financial instrument under agreed terms. As a writer of options contracts, the Company receives a premium in exchange for bearing the risk of unfavorable changes in the price of the financial instruments underlying the options.

Securities sold, not yet purchased represent obligations of the Company to deliver the specified security and, thereby, create a liability to repurchase the security in the market at prevailing prices. Accordingly, these transactions result in risk as the Company's satisfaction of the obligations may exceed the amount recognized in the statement of financial condition.

Risk arises from the potential inability of counterparties to perform under the terms of the contracts (credit risk) and from changes in the values of the underlying financial instruments (market risk). The Company is subject to credit risk to the extent any broker with which it conducts business is unable to fulfill contractual obligations on its behalf. The Company attempts to minimize its exposure to credit risk by monitoring brokers with which it conducts investment activities. In management's opinion, market risk is substantially diminished when all financial instruments are aggregated.

SMC OPTION MANAGEMENT LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION, Continued for the year ended December 31, 2007

6. Credit Concentration

At December 31, 2007, a significant credit concentration consisted of approximately \$5.9 million, representing the market value of the Company's trading accounts carried by its clearing broker, Merrill Lynch. Management does not consider any credit risk associated with these assets to be significant.

7. Related Party Transaction

On August 27, 2007, the Company issued a collateralized loan in the amount of \$100,000 with an interest rate of 5.25% to a member of SMC Options Holdings LLC, the majority member of the Company. The loan is due on or before August 26, 2008, and is reflected as a promissory note in the statement of financial condition.

8. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15(c)3-1). Under this rule, the Company is required to maintain "net capital" equal to the greater of \$100,000 or 6 and $\frac{3}{4}$ % of "aggregate indebtedness", as defined.

At December 31, 2007, the Company had net capital and net capital requirements of \$4,560,473 and \$100,000, respectively.

Other assets		<u>146,826</u>
	\$	<u>1,034,866</u>

Note: There are no material differences between the audited computation of net capital and that per the Company's unaudited FOCUS report as filed.

**FINANCIAL AND OPERATIONAL COMBINED UNIFORM SINGLE REPORT
PART III**

BROKER OR DEALER: **SMC OPTION MANAGEMENT LLC**

as of **December 31, 2007**

COMPUTATION OF BASIC NET CAPITAL REQUIREMENT

Part A

11.	Minimum net capital required (6-2/3% of line 19)	\$	<u>1,824</u>	[3756]
12.	Minimum dollar net capital requirement of reporting broker or dealer and minimum net capital requirement of subsidiaries computed in accordance with Note (A)	\$	<u>100,000</u>	[3758]
13.	Net capital requirement (greater of line 11 or 12)	\$	<u>100,000</u>	[3760]
14.	Excess net capital (line 10 less 13)	\$	<u>4,460,473</u>	[3770]
15.	Excess net capital at 1000% (line 10 less 10% of line 19)	\$	<u>4,457,737</u>	[3780]

COMPUTATION OF AGGREGATE INDEBTEDNESS

16.	Total A.I. liabilities from Statement of Financial Condition	\$	<u>27,360</u>	[3790]
17.	Add:			
	A. Drafts for immediate credit		<u> </u>	[3800]
	B. Market value of securities borrowed for which no equivalent value is paid or credited		<u> </u>	[3810]
	C. Other unrecorded amounts (List)		<u> </u>	[3820]
				[3830]
18.	Deduct: Adjustment based on deposits in Special Reserve Bank Accounts (15c3-1(c)(1)(vii))		<u> </u>	[3838]
19.	Total aggregate indebtedness	\$	<u>27,360</u>	[3840]
20.	Percentage of aggregate indebtedness to net capital (line 19 ÷ by line 10)		<u>0.59%</u>	[3850]
21.	Percentage of aggregate indebtedness to net capital <u>after</u> anticipated capital withdrawals (line 19- by line 10 less item 4880 page 11)		<u> </u>	[3853]

COMPUTATION OF ALTERNATE NET CAPITAL REQUIREMENT

Part B

22.	2% of combined aggregate debit items as shown in Formula for Reserve Requirements pursuant to Rule 15c-3-3 prepared as of the date of the net capital computation including both brokers or dealers and consolidated subsidiaries debits		<u> </u>	[3870]
23.	Minimum dollar net capital requirement of reporting broker or dealer and minimum net capital requirement of subsidiaries computed in accordance with Note (A)		<u> </u>	[3880]
24.	Net capital requirement (greater of line 22 or 23)		<u> </u>	[3760]
25.	Excess net capital (line 10 less 24)		<u> </u>	[3910]
26.	Percentage of Net Capital to Aggregate Debits (line 10 ÷ by line 17 page 8)		<u> </u>	[3851]
27.	Percentage of Net Capital, <u>after</u> anticipated capital withdrawals, to Aggregate Debits (line 10 less item 4880, page 11 ÷ by line 17 page 8)		<u> </u>	[3854]
28.	Net capital in excess of: 5% of combined aggregate debit items or \$300,000	\$	<u>-</u>	[3920]

OTHER RATIOS

Part C

29.	Percentage of debt to debt-equity total computed in accordance with Rule 15c3-1(d)		<u> </u>	[3860]
30.	Options deductions/Net Capital ratio (1000% test) total deductions exclusive of liquidating equity under Rule 15c3-1(a)(6), (a)(7) and (c)(2)(x) ÷ Net Capital		<u> </u>	[3852]

NOTES:

- A. The minimum net capital requirement should be computed by adding the minimum dollar net capital requirement of the reporting broker dealer and, for each subsidiary to be consolidated, the greater of:
1. Minimum dollar net capital requirement, or
 2. 6-2/3% of aggregate indebtedness or 2% of aggregate debits if alternative method is used.
- B. Do not deduct the value of securities borrowed under subordination agreements of secured demand notes covered by subordination agreements not in satisfactory form and the market values of memberships in exchanges contributed for use of company (contra to item 1740) and partners securities which were included in non-allowable assets.
- C. For reports filed pursuant to paragraph (d) of Rule 17a-5, respondent should provide a list of material non-allowable assets.

**INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL**

To the Members of
SMC Option Management LLC

In planning and performing our audit of the statement of financial condition of SMC Option Management LLC (the "Company") as of December 31, 2007, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control.

Also, as required by Rule 17A-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- (1) Making quarterly securities examinations, counts, verifications, and comparisons
- (2) Recordation of differences required by Rule 17a-13
- (3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statement in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statement that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statement will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Chicago Board Options Exchange and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Ryan & Juraska
